Services will not be delivered when there is an outstanding balance.
3. Please be early for each appointment — especially the first one, for registration. One late patient makes everyone late for the rest of the day.

5. Please bring with you all copies of hair, saliva or blood tests that you have had in the past. If you don't have copies of these, please ask your doctor to send a copy to us.
6. For this first appointment you will also need to bring the medications, vitamins, minerals and all other supplements you are currently taking.
7. If you decide to get a hair analysis done before you come to the clinic be aware that the samples are sent to the laboratory once a week on Monday. Please allow about one week for your hair analysis to come back. Hair analysis is useful but not always necessary. The samples are collected at Point Walter Pharmacy, 322 Canning Hwy, Bicton WA 6157. The fee for the hair analysis is \$149. The pharmacy collects samples on Monday to Friday between 9.00am and 5.00pm and on Saturday between 9.00am and 12.00pm - no appointment is necessary.

If you have any queries, or need to cancel or re-schedule this appointment please call us. If you do not respond to our confirmation reminders two days in advanced, your appointment will be cancelled. A cancellation fee will apply unless notice is given at least two working days in advance,
